

Product Sheet
Multifunctional Devices (MFD)

Scope

Multifunctional devices are divided into two categories:

Category A: Combination fax / printer / copier devices.

Category B: Copiers with integrated printer interface.

The models concerned must be available through the trade in Europe in the same configuration as indicated in the registration. The product as sold to the customer should be able to operate on mains voltage (230 Vac). This includes portable equipment that is sold with an external power supply.

Criteria

Multifunctional Devices are eligible for the GEEA Label if the following criteria are met:

Category	Criteria	Criteria valid till*
Category A (combination fax/printer/copier)	The labelling criteria correspond to those for copiers, without off mode.	31.12.2005
Category B (copiers with permanently integrated printer interface)	The labeling criteria correspond to those for copiers.	31.12.2005

* See Rules of Registration Procedure

Definitions and Test Method

See definitions and test methods for copiers.
